8.10.1 General information

This OPTION 2 slot is reserved for an optional printed circuit board.

An optional printed circuit board in this slot is not available in standard instruments.

Another slot (OPTION 1) is also available in this instrument (see section 8.7.1).

NOTE: The first option to be installed in this instrument must always be placed in the OPTION 1 slot. The OPTION 2 slot may only be used if an option is installed already in the OPTION 1 slot.
