

UNIT A7 - OPTION 1CONTENTS

8.7.1 General information..... 8.7-1

8.7.1 General information

This OPTION 1 slot is reserved for an optional printed circuit board.

Normally the Interface board is installed in this slot.

A second slot (OPTION 2) is also available in this instrument (see section 8.10.1).

NOTE: The first option to be installed in this instrument must always be placed in the OPTION 1 slot. The OPTION 2 slot may only be used if an option is installed already in the OPTION 1 slot.
